### Junior Docent -

@ *The Gamble House, Pasadena, CA*

- I would give tours to children in elementary schools so they could learn about life 100 years ago following the life of the Gamble family.
- I Led a group of 5-12 students for approximately 2-3 hours, showed and demonstrated museum artifacts, and joked and established rapport with the children.
- I would do these tours with one other docent as a 2 man team one leads and describes the rooms one is a rear guard and whenever the leader forgets something the rear one will jump in.
- In the hall way we would switch which one lead and which rear guarded to gain maximum efficiency.
